BUCKINGHAM PALACE

‘Inc Diamonds: A Jubilee Celebration’

SUNDAY 26TH AUGUST 2012

Buckingham Palace serves as both the office and London residence of Her Majesty The Queen. It is one of the few working palaces remaining in the world today. A complimentary audio tour provides a lively introduction to centuries of royal history and includes interviews with Royal Household staff about the working palace and the works of art on display. Diamonds: A Jubilee Celebration, the spectacular display at the Summer Opening, will show the many ways in which diamonds have been used by British monarchs over the last 200 years. The exhibition includes a number of The Queen's personal jewels – those inherited by Her Majesty or acquired during her reign. The exhibition will reveal how many extraordinary stones have undergone a number of transformations, having been re-cut or incorporated into new settings during their fascinating history.
